## IS UNDER ARREST.

**Man Who is Alleged to Have Stolen Harriman's Famous Letter to Webster is Jailed.**

New York, April 5.—Frank W. Hill, a stenographer, was arrested last night, charged with having sold to a newspaper a personal letter of E. H. Harriman. The warrant was sworn to by Alexander Mijlar, secretary of the Union Pacific Railroad Co., of which Mr. Harriman is the president, and was served by a detective from the district attorney's office. Hill was locked up at police headquarters.

The letter in question was addressed by Harriman to Sydney Webster and was first published by the World last Tuesday morning. State agents therein contained called forth a reply from President Roosevelt Tuesday afternoon.

Hill is 37 years old and lives in Brooklyn. Action against Hill was taken under the section of the penal code which defines as a misdemeanor the act "of a person who wilfully without authority takes a letter, telegram or private paper belonging to another, or a copy thereof and publishes the whole or any portion thereof." Assistant District Attorney Kroetz has charge of the case and it was said that the arrest would, it was believed, discourage the publication of letters of another prominent man which, according to report, recently had been offered for sale.

A copy of the Harriman letter in which the writer stated that the chief executive had appealed to him for funds for the campaign of 1904, made it alleged, from Hill's stenographic notes and in his handwriting was offered for sale to a Brooklyn paper, both of which declined to purchase. This particular New York paper subsequently turned the copy over to the district attorney's office.

Hill was employed in Mr. Harriman's office for 21 years. About a year ago he was discharged because, it was said, of friction with other employees. Recently he entered a brokerage office. He has a wife and two children.
